Current Controversies in Implant Dentistry

Speaker: Gary Morris, DDS

Your Hosts:

Joseph J. Radakovich, D.M.D., P.C.
Oral and Maxillofacial Surgeon
&
Brian D. Bray, D.M.D., P.C.
Prosthodontist

PROGRAM DESCRIPTION:
Patient education has created an awareness of the importance of replacing missing teeth. With this, comes the acceptance of implant dentistry as the treatment of choice. The morning session will address the re-restoration of dental implants and how to improve upon the definitive restoration by evaluating the necessary materials and choosing the appropriate ones. The afternoon session will address the criteria for young adults in need of an implant and how mapping exercises can increase your success rate and provide better patient outcomes.

PROGRAM OBJECTIVES:
At the end of the program, the participant should be able to:

- Understand why a re-restoration of an implant patient may be necessary
- Determine what materials are needed when re-restoring an implant patient
- Understand when it is appropriate to place dental implants in a young patient
- Realize that mapping is crucial when determining implant size for the site being considered

SPEAKER: Gary Morris, DDS

Dr. Morris completed his undergraduate studies at Indiana University in Bloomington, Indiana. He received his dental degree from the University of Illinois at Chicago and completed his residency in Prosthodontics at the UMKC College of Dentistry in Kansas City Missouri. He is an Adjunct Clinical Assistant Professor at Southern Illinois University, School of Dental Medicine. Prior to this appointment he was a Clinical Assistant Professor at the University of Illinois, College of Dentistry. He is a member of the ACP, AO, ADA, ISDS, CDS and is the immediate past president the Chicago Academy of Dental Research. Dr. Morris is vice president of the Illinois section of the ACP. Dr. Morris has lectured both nationally and internationally and has authored or co-authored numerous articles related to dental implants. Dr. Morris maintains a private practice, limited to prosthodontics and restorative dentistry, in Buffalo Grove, Illinois.
