Registration/Cancellation/CECredits **ADA CERP***
Full tuition payment must accompany all registration forms. Registrants unable to attend their course can obtain a refund by notifying the host, no later than 14 days prior to the course date. Cancellations past that date may be subject to a penalty. Dental CE Solutions is not responsible for any reimbursement due to cancellation of an event. Reimbursement is in the sole responsibility of FOMS. FOMS reserves the right to cancel a course no later than 14 days prior to the course date. This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between Dental CE Solutions and FOMS. Dental CE Solutions is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dental CE Solutions designates this activity for **21** continuing education credits. Continuing Education Credits awarded in the U.S. for participation in the CE activity may not apply towards license renewal in all states. It is the responsibility of each participant to verify the requirements of his/her state licensing board.

Fresno, CA 93720
Phone: 559.226.2722
Fax: 559.472.3144

Friday, March 10, 2017

8am-4pm

The Dental Implant Team

Intended Audience - Restorative Clinicians and Staff
(Tuition includes your entire implant staff for this session)

The “patient care” team consists of those involved in a patient’s care. Any clinician or staff member that interacts with a patient creates an impression. It is crucial that these interactions are educational and positive so as to inspire confidence in the treatment the patient will be receiving.

- Identify each member’s role
- Demonstrate how to schedule the new implant patient
- Demonstrate how to present a successful treatment plan
- Demonstrate how to make a referral to your referring surgeon’s office for greater case acceptance
- Team Building for the implant team

Speaker: Jamie Schoessling, BS, RDH

Thursday, May 18, 2017

6-9pm

Endodontic Collaborative Forum

Intended Audience - Restorative Clinicians and Endodontists

The Restorative Doctor and the Endodontist’s goals are to maintain and restore dentition when caries and fractures occur. All specialties need to come together to discuss and enhance the patient experience.

- Discuss the collaborative efforts needed
- Demonstrate how each specialty can work together
- Understand how endodontics can preserve teeth until such time as an implant is needed

Speaker: David Rosenbaum, MS, DDS

Friday, October 6, 2017

8am-4pm

Legalities in the Dental Industry

Intended Audience - Restorative Clinicians

For better patient care, clinicians need to ensure they protect their patients and themselves. As legal laws change, clinicians need to keep up with those changes and understand that by protecting themselves, they are doing what is best for their patients.

- Discuss cases that can affect the way we practice
- Understand why patient protection is paramount
- Demonstrate that keeping up with legal changes is crucial

Speakers:

Anne M. Oldenburg & Linda J. Hay

Friday, November 10, 2017

8am-12pm

Orthodontics and Implant Site Development

Intended Audience - Restorative Clinicians and Orthodontists

Orthodontists can determine the appropriate age for implant placement, proper spacing and alignment. All specialties will come together to discuss and enhance the patient experience. We will:
Discuss growth predictability by age
Demonstrate the best age for implant placement
Discuss how an orthodontic treatment plan looks for future restorative options

Speaker: Kevin P. Lucas, DDS

Program Location:

**Flemings
639 E . Shaw Ave.
Fresno, CA 93710
559-222-5823**

21 Credits

Speakers

Ms. Jamie Schoessling received her Bachelor of Science Degree in Dental Hygiene from Marquette University, in Milwaukee, WI. In 1993, she became a Restorative Implant Treatment Coordinator. Ms. Schoessling is an author and lectures on the importance of the team approach. Today, she practices dental hygiene, coordinates the restorative implant patient care and manages the day-to-day operations in Buffalo Grove, IL.

Dr. David Rosenbaum received his dental degree from Northwestern University. In 1996, after practicing in CA, he returned to Chicago to begin a full-time residency program, in Endodontics, at Northwestern University, achieving a Masters of Science and a Specialty Certificate in Endodontics. In 2007, Dr. Rosenbaum became a Diplomate in Endodontics. Dr. Rosenbaum lectures about new technologies in Endodontics.

Ms. Oldenburg is a partner with the law firm of HeplerBroom, LLC. She focuses her practice on the defense of healthcare professionals, including all aspects of civil litigation. She represents professionals before state licensing boards. Ms. Oldenburg is a member of numerous bar associations. and is on the Board of Trustees for Elmhurst Memorial Hospital. She has published and lectured extensively on issues relating to healthcare litigation and risk management issues.

Ms. Hay is a partner with the law firm of HeplerBroom, LLC. She actively defends professional liability cases. Ms. Hay regularly presents seminars on risk and claims management for both professional and dental malpractice cases. She publishes and lectures on risk and claims management issues.

Dr. Lucas received his dental degree from the University of Illinois, Medical Center, and completed his residency in Orthodontics at the University of Pennsylvania, School of Dental Medicine in Philadelphia, Pennsylvania. He is a Clinical Assistant Professor, Department of Orthodontics, at the University of Pennsylvania. Dr. Lucas is a lecturer on adult orthodontics/orthognathic surgery and practice management at the University of Pennsylvania. Dr. Lucas maintains a private practice, limited to orthodontics, in Buffalo Grove, Illinois.
