### Registration/Cancellation/CE Credits

Full tuition payment must accompany all registration forms. Registrants unable to attend their course can obtain a refund by notifying the host, no later than 14 days prior to the course date. Cancellations past that date may be subject to an additional penalty. Dental CE Solutions is not responsible for any reimbursement due to cancellation of an event. Reimbursement is in the sole responsibility of AOFS. AOFS reserves the right to cancel a course no later than 14 days prior to the course date.

**ADA CERP®**

Dental CE Solutions is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dental CE Solutions designates this activity for 28 continuing education credits. Continuing Education Credits awarded in the U.S. for participation in the CE activity may not apply towards license renewal in all states. It is the responsibility of each participant to verify the requirements of his/her state licensing.

**Invite You To  
Attend Their  
Peak Performance  
Restorative Series**

**January 18, 2019**

**April 12, 2019**

**September 27, 2019**

**October 25, 2019**

Atlanta Oral Facial Surgery

**Session 1****January 18, 2019****SIMPLE AND EFFICIENT  
IMPLANT DENTISTRY**

Informing patients of all the treatment options available is crucial to patient care. This session will cover patient consultations and why certain restorative options may be better for the patient than another.

- Crown and Bridge Dentistry vs. Dental Implants
- Single, Multiple and Completely Edentulous Spaces
- The Case Work-Up
- Treatment Planning Requirements for Session 2 & 3

**\*Staff is encouraged to attend this session.**

**Session 2****April 12, 2019****THE ART OF COMPREHENSIVE  
TREATMENT PLANNING**

Treatment planning effectively can increase patient acceptance and care. This session will cover the steps necessary when discussing treatment options with your patient. Cases from the participants will be discussed.

- Treatment Planning Simple to Complex Implant Cases
- Step by Step Sequencing to Proper Treatment Planning

**Come Join Us!**

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between Dental CE Solutions & AOFS.

**Session 3****September 27, 2019****FULL ARCH DENTAL IMPLANT  
RESTORATIVE TECHNIQUES**

Many options are available to the surgeon and restorative dentist to provide full arch dental implant therapy to patients with a failing dentition. Some patients are candidates for full arch immediate provisional restoration while others are more appropriately treated with a staged approach. Both accomplish the same goal.

- Radiographic guides and CT scans in treatment planning
- Impression Techniques
- Cement vs. Screw Retained
- Hands-on: Treatment Planning Cases

**Session 4****October 25, 2019****ADVANCED SINGLE TOOTH IMPLANT  
RESTORATIVE TECHNIQUES**

One of the most challenging restorative cases can be the single tooth implant. As implant dentistry can be an unpredictable science, there are many issues that can occur. Complications can be managed if you identify them quickly, and treat and manage them accordingly. As teeth and dental implants differ in many ways, strategies must be in place to accommodate these differences.

- Challenges with a single implant
- Complications
- Occlusion in the World of Implant Dentistry
- Step by step Final Delivery Procedures
- Hands-on: Treatment Planning Cases

**Gary A. Morris, DDS**

Dr. Morris completed his undergraduate studies at Indiana University in Bloomington, Indiana. He received his dental degree from the University of Illinois at Chicago and completed his residency in Prosthodontics at the UMKC College of Dentistry in Kansas City Missouri. He is an Adjunct Clinical Assistant Professor at Southern Illinois University, School of Dental Medicine. Prior to this appointment he was a Clinical Assistant Professor at the University of Illinois, College of Dentistry. He is a member of the ACP, AO, ADA, ISDS, CDS and is the immediate past president the Chicago Academy of Dental Research. Dr. Morris is vice president of the Illinois section of the ACP. Dr. Morris has lectured both nationally and internationally and has authored or co-authored numerous articles related to dental implants. Dr. Morris maintains a private practice, limited to prosthodontics and restorative dentistry, in Buffalo Grove, Illinois.
