FULL ARCH RESTORATIONS

April 29-30, 2022

This is a comprehensive two day course on full arch implant treatment. We will highlight the new conversion method that reduces chairtime by 25% and provides a better quality restoration for the patient. Learn about the latest advancements in both surgical and restorative therapy. There will be a hands-on conversion component followed by a live surgery on Saturday. We will finish off the course with a presentation on how to improve case acceptance.
