

Elevate your Business in 2025

Peak Performance™ 3 Session Series

Get ready to transform your oral surgery practice with the **Peak Performance™ 3 Session Series**! This program is designed to supercharge your growth and functionality. Dive into the **team** approach to implant dentistry and master the business skills needed to run a top-tier implant practice. Our goal is to help you develop strategies that keep your surgeon/restorative team in sync, all for the benefit of your patients. By co-educating the surgeon/restorative team and their staff, we foster a strong relationship built on best practices, science, and clinical experience.

Dr. Brent Boyse, DDS

Dr. Boyse is a Board Certified Oral and Maxillofacial Surgeon who received his dental degree from the University of the Pacific – Arthur A. Dugoni School of Dentistry. He completed his Oral and Maxillofacial Surgery residency at the University of Rochester in Rochester, New York. He has dedicated much of his career to seeking the best education and teaching surgical techniques all over the world. Dr. Boyse maintains a group practice in Mesa, Arizona.

Dr. Gary Morris, DDS

Dr. Morris received his doctor of dental surgery from the University of Illinois at Chicago and completed his residency in Prosthodontics at the UMKC College of Dentistry in Kansas City Missouri. He is an Adjunct Clinical Assistant Professor at Southern Illinois University, School of Dental Medicine. Dr. Morris has lectured extensively both nationally and internationally on implant prosthodontics and has authored or co-authored numerous articles and two book chapters related to dental implants. He maintains a private practice, limited to prosthodontics and restorative dentistry, in Buffalo Grove, Illinois.

Additional Speakers for session #3:

Jen Deines, STC and Anna Raskin, RDH/ITC

Course Objectives:

- Understand the market pressures faced by oral surgery practices in the changing referral environment
- Identify and develop your vision and brand
- Identify and implement systems that can be tracked, evaluated and adjusted
- Identify key staff members and implement training protocols
- Understand and implement a strong education strategy

Session #1 - Oral Surgeons only - April 5-6, 2025
