

PROSTHODONTIC “PEARLS” FOR ENHANCED EFFICIENCY IN IMPLANT DENTISTRY

Dental implants and esthetic dentistry have evolved into integral elements of contemporary dental practice. We must develop the ability to evaluate cosmetic deficiencies and design procedures for smile enhancement. Implant soft tissue development into an anatomical form is critical to mimic natural teeth. Dr. Smith will describe step by step sequencing for single teeth implants as well as the implant challenges with adjacent missing teeth in the esthetic zone. The advantages of digital dentistry will be presented, with implants and natural teeth. This presentation will highlight “Pearls” from the single missing tooth to the fully edentulous reconstruction. Collaboration with other dental team members will be discussed through multiple case presentation.

COURSE OBJECTIVES:

- To understand the differences between single and adjacent implants.
- To learn the “Pearls” for efficiency, material selection and profitability.
- To learn how to create then decide when to make a INOL immediate provisional.
- To learn simple concepts for patient marketing and case presentation.

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between Dental CE and Southwest Oral & Maxillofacial Surgery (SWOMS). If tuition was collected, Dental CE Solutions is not responsible for any reimbursement due to cancellation of an event. Reimbursement is the sole responsibility of SWOMS. SWOMS reserves the right to cancel a course no later than 14 days prior to the course date. Dental CE Solutions is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dental CE Solutions designates each activity for 4 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for continuing Education Provider Recognition at CCEPR.ADA.org
