

BEYOND THE SURFACE: A DEEP DIVE INTO 2D AND 3D RADIOGRAPHIC INTERPRETATION

Hosted by Dr. Federico Grande

Radiographic diagnosis of 2D and 3D images are key to everyday practice of dentistry. A plethora of conditions are seen within the maxillofacial complex including developmental, inflammatory, neoplastic, and metabolic conditions. A case-based approach will be used to methodically review radiographic findings. The presentation will include 2-D and 3D illustrated case presentations, discussions, and interactive radiographic interpretations.

COURSE OBJECTIVES

By the end of this course, participants will be able to:

- Distinguish between the applications, advantages, and limitations of 2D versus 3D imaging in dental diagnosis.
- Accurately interpret common pathologies and anatomical landmarks using both 2D (e.g., periapical, panoramic) and 3D (CBCT) imaging.
- Apply clinical findings and evidence-based systematic diagnostic criteria to optimize radiographic diagnosis

PRESENTED BY

DR. ANITA GOHEL, BDS, PHD

Dr. Anita Gohel is a clinical professor and chair of the department of Oral and Maxillofacial Diagnostic Sciences. She is also the program director of Oral and Maxillofacial Radiology. She is a board-certified diplomate of the American Board of Oral & Maxillofacial Radiology.

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between Dental CE and Grande Oral Specialties. If tuition was collected, Dental CE Solutions is not responsible for any reimbursement due to cancellation of an event. Reimbursement is the sole responsibility of Grande Oral Specialties. Grande Oral Specialties reserves the right to cancel a course no later than 14 days prior to the course date. Dental CE Solutions is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dental CE Solutions designates each activity for 4 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at CCEPR.ADA.org
