Speaker: Dr. Gregg DiLauri

Greggory J. DiLauri, D.D.S. is a graduate of Marquette University School of Dentistry, and a graduate of the Mountainside Hospital General Practice Residency. Dr. DiLauri was a mentor and clinical instructor for the residents within the General Practice Residency for 18 years and was the recipient of the Attending Doctor of the Year award several times. He maintains a full-time practice in Succasunna New Jersey. His practice focuses on Restorative, Preventative, Esthetic, and Implant Dentistry. Dr. DiLauri is an alumni, mentor, and visiting faculty member at the Pankey Institute in Key Biscayne, Florida.

****Refer to Introduction flyer. Exclusive discount available for attendees who enroll at Introduction Session. CE is not provided for this session.**

This Implant Restorative Continuum Series is designed to bring the Surgeon, Dental Laboratory, and Dentist together as a unified team to create efficient and best outcomes in the practice of restoring Dental Implants. It is broken down into 3 sessions with a heavy focus on Treatment Planning.

**Session #1
Friday, June 12, 2026**

This session is designed to bring the Team together (Surgeon, Laboratory Technician, and Restorative Dentist along with their teams).

Learning Objectives:

- Rationale for dental implants - why do we want to consider dental implants when a tooth is lost
- What are the patient considerations
- How to communicate with patients
- What are the 4 Personality styles
- What Data to collect in order to treatment plan efficiently and effectively

**Session #2
Friday, September 18, 2026**

This session consists of comprehensive Treatment Planning each participant's submitted cases.

Learning Objectives:

- What Diagnosis exists for each case
- Specific Criteria for implant location
- Financial considerations
- Determine the correct order of treatment for each case

**Session #3
Friday, November 13, 2026**

Finale: This session brings everything together.

Learning Objectives:

- What is an acceptable occlusion
- How to sequence All-on X cases
- What restorative options exist for single and multiple implant cases.
- Refine and define correct photographic images

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between Dental CE and Concord Oral Surgery. If tuition was collected, Dental CE Solutions is not responsible for any reimbursement due to cancellation of an event. Reimbursement is the sole responsibility of Concord Oral Surgery. Concord Oral Surgery reserves the right to cancel a course no later than 14 days prior to the course date. Dental CE Solutions is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dental CE Solutions designates this activity for 7 continuing education credits per session. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for continuing Education Provider Recognition at CCEPR.ADA.org.
