Dr. Dennis Tarnow

Interdisciplinary Management of Single Tooth Implant Cases

This course guides clinicians through the complete implant workflow, from making accurate diagnoses and deciding whether to save or extract a tooth using non-invasive techniques.

Course Objectives:

- Formulate an accurate clinical diagnosis
- Decide when to extract and when to save the tooth
- Learn proper implant placement and temporization and final crown contour

Dr. Stephen Chu

Stock vs. Custom Tibases: Managing the Implant Restorative Emergence Profile for Biologic Health and Stability

This presentation will compare stock and custom-designed abutments and discuss variations in subcritical and critical emergence using clinical examples and CAD designs.

Additionally, the appropriate scan bodes for single tooth restorations to accomplish specific treatment goals, such as angled screw channel capabilities or straight channel, will be discussed.

Course Objectives:

- Understand the criteria for subcritical and critical implant emergence profile
- Decide when stock components are appropriate
- Understand when custom designed abutments are required

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between Dental CE and Premier Care Dental Management. If tuition was collected, Dental CE Solutions is not responsible for any reimbursement due to cancellation of an event. Reimbursement is the sole responsibility of Premier Care Dental Management. Premier Care Dental Management reserves the right to cancel a course no later than 14 days prior to the course date. Dental CE Solutions is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dental CE Solutions designates 10 continuing education credits in total. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for continuing Education Provider Recognition at CCEPR.ADA.org
