WAX TO WORKFLOWS: THE EVOLUTION OF FULL ARCH RESTORATION

**PRESENTED BY:
DR. BROCK SMITH**

PROGRAM DESCRIPTION:

This course focuses on the way we practice restorative dentistry, and how it's changed. The last 20 years have transformed our profession entirely. We will discuss how to navigate that changing landscape, and how new tools can make us more effective and efficient clinicians. We will discuss both the clinical/technical and human side of this evolution, while seeing plenty of full arch restorative dentistry- examples of how to implement these tools, and variations of modern full arch digital workflows

OBJECTIVES:

- To understand the technology available to us and how it can improve efficiency and effectiveness, as well as its limitations.
- To learn technical aspects on the variety of modern approaches in full arch restorative dentistry.
- To connect our past progress with new ways to grow and improve our practice.

ABOUT THE SPEAKER:

Dr. Smith completed his undergraduate studies at the University of South Carolina in Columbia, SC. He received his dental degree from the Medical University of South Carolina and completed his residency in Prosthodontics at the University of Alabama at Birmingham. From October 2017 to January of 2020, Dr. Smith was an Assistant Professor at the Medical University of South Carolina, Division of Oral Rehabilitation in Charleston, SC. He is a member of numerous dental societies and has participated in Poster presentations at ACP and MUSC. Dr. Smith maintains a private practice, limited to prosthodontics and restorative dentistry, in Mt. Pleasant, SC.
